

AWARD

Cross-award 2018 – IV edition

LIS Lab Performing Arts - in collaboration with the **Comune di Verbania** (Municipality of Verbania) and with the support of **MiBACT**, the **Regione Piemonte** (Piedmont Region), **Fondazione Piemonte dal Vivo** (Fondazione Piedmont Live) **Fondazione CRT** (CRT Foundation) and **Ricola** - announces the fourth edition of the 'International CROSS award' for artists and companies in the field of performing arts and music, **with particular attention to productions focused on the close interaction between musical composition and action on stage.**

THEME

The award aims to promote investigation and artistic expressions related to the combination of different styles and genres, considering multi-language practices and the mix of techniques and codes pertaining to the various performing arts as reward factors.

The goal of the competition is to identify new productions - thoroughly unpublished - that put in dialogue the language of the body and of the stage performance with musical composition, without any restrictions or constraints of kind, category or practice.

New for 2018 is the formula of "artists in the territories". CROSS therefore wants to support the productions that will favor the relationship with the territory both through projects that deal with the theme of the landscape, themes that are generally environmental or that can meet the community. There are no limits on how to share with the territory, the practices and the artistic disciplines.

CRITERIA FOR PARTICIPATION

The call is open to individual artists, professionals and companies. The project must be submitted as a production that can be developed during the different phases of the residency and that **could include the most diverse expressive practices** (as such: dance, music composition and interpretation, DJ-set, live soundtrack, composition of a soundtrack, activity of noise music, theatre, body performance, singing, new technologies, video art, motion-capture, readings, site-specific design).

Each participant can present only one project. To be considered for the award, **must be presented only unpublished projects** - therefore debut works – that need to be carried out during the first period of the artistic residency. The award is open to all groups, companies, collective and individual artists, both national and international, **with at least 3 years of production demonstrated by *curriculum vitae*.**

- Agrees to indemnify the organization from all liability, costs and expenses of any kind which may be incurred as a result of the contents of the proposed performance;
- Fully agrees to the Rules of the "Award CROSS";

SELECTION

Relevance to the Award is the main principle for the selection of the three finalists. Participants must submit a project concerning the relevant topic defined in paragraph “Theme”. The selection criteria will take into account the following parameters:

- Use of sound and music (soundtracks recorded or live musical performances);
- Originality/novelty of the project;
- Use of different languages, art practices and media.
- Involvement of the territory or of the community.

The projects will have to be realized in the spaces identified by the organization.

Only new projects will be taken into account. Production proposals must consider the research area in which the competition develops, that is, the virtuous relationship and synergy between the compositional and expressive musical practices and the act of performing on stage.

The three selected projects will be announced **by September 20th, 2018** and will be developed during the residency phase in Verbania in a period to be agreed between September 30th and October 20th 2018. For a maximum of 15 days of residence for each individual artist / company selected. The work carried out will be presented to the public and to the jury (territorial and expert).

The companies must **submit an extract of the duration of no less than 20' and no more than 30'**.

JURY

The selection of the three projects that progress to the residence is carried out by the organization of the award. The CROSS project involves two separate juries: the first consists of a group of experts (critics, artists, curators, designers) whose names will soon be announced on the website www.crossproject.it, while the second is a local jury and consists by a group of curious and passionate people, who have played a training path and approach to the language of the performance as part of a wider project CROSS.

The LOCAL JURY, together with the Curator and the organizer of the Award will select a group of 10 finalists; an opinion on the three finalist projects will be requested from the Jury of Experts or Tutors.

The decisions of the juries are final.

PHASES AND CALENDAR of the AWARD

- To participate in the CROSS Award, applications can be submitted **from 1st July 2018 to 5th September 2018**
- The 3 finalists projects will be announced and presented to the public on **30th September 2018**.
- The residences at Verbania will take place from **30th September to 20th October 2018**. The dates might be subjected to variations based to the agreements with the artists / companies winners of the Residence and availability of spaces. As residency spaces will be used: Casa Ceretti, Villa Giulia, the Theater il Maggiore. Other spaces can be identified for artistic needs.
- During the residency phase, meetings will be organized with tutors selected by the organization. The figure of the tutor aims to provide the artists with their experience and their professional skills. The tutors will be assigned to the project on the basis of the affinity with the selected projects. The tutors will accompany the creation project.
- The projects in residence can finalize a presentation for the public and / or for the Territorial Jury, to define timetables and procedures. It is however requested that the artist / artistic group produces between the 20 'and 30' of presentation.
- The winning projects will have the opportunity to present the final work within the planning of the Lavanderia a Vapore of Collegno (TO) in collaboration with the Piemonte Live Circuit within the 2018/2019 season.
